Budget Overview:

Dr. Kuncham began his overview of the proposed 2012-2013 budget by reminding the public of the many challenges facing the district as we continue to wrestle with the Property Tax Cap and dwindling state aid. He announced to the public that recognizing the budget difficulties that the district is facing, the Administrators Union has agreed to take a pay and step increase freeze for the 2012-2013 school year. The Superintendent and his cabinet have already agreed at the beginning of the budget process to take a salary freeze for the 2012-13 school-year. This is the second time in three years that the Superintendent and his cabinet have taken salary freezes.

He informed the public that the district has been in discussion with the Freeport Teachers Association since January to modify their contract to help save jobs and keep programs for the children of the district. While the district was hopeful that the Teachers Union would come through, this did not happen. Fifty-four (54%) percent of the members voted against the revision of the contract. In light of the Teachers' Union vote, and to stay within the tax-cap regulation, as well as insufficient increase in state aid, the district has no choice but to move onto the second level of reductions in the budget.

Dr. Kuncham then introduced Dr. Kenneth Rodgers, Assistant Superintendent for Business, who gave a power-point presentation of the proposed additional cuts

as attached.
